

K-Love serves me as a source of encouragement and good music in my local community. I am writing to register that I am against the LPFM system. If K-Love is not in my local community, my ability to hear christian music will be limited. I believe that the service that K-LOVE provides is in the public interest because it is a source of christian music, christian dj's and commentary, and if it is gone the local community will be harmed. I do not listen to any of the secular channels because they all broadcast vulgar language and sexual content.
